Subject: winning tonque plate bit update

Hello Adrian,

My son, Paul Rowe who is a trainer in Kalgoorlie , WA told me to try the bit on my horse, Smart Seduction , who took only several days to stop pulling, head tossing and no throat flap noises. This horse then effortlessly won a trial by 3 lengths in Esperance W.A.

Upon our success another trainer Ron Marras also in Esperance used this bit on Red Movember who had problems which included lock jaw, and tongue over the bit and outside the mouth and pulling hard. Within one week of use he won his maiden race by 4 lengths.

My son's horse Cherry Bomb is yet to race but has shown unbelievable improvement in all the above problems.

We are looking forward to many successes, thankyou Adrian

Regards Kevan Rowe
